

Statistical Survey on Sheltered Arrangement of Locally Licensed Vessels starts
[18 Nov 2020]

Marine Department has commissioned MOV Data Collection Center Ltd. (MOV), an independent market research company, to conduct the statistical survey. The statistical survey aims to collect updated information on sheltered arrangement of locally licensed vessels during passage of the typhoons. Letters are being sent by MOV to owners or appointed vessel agents of selected locally licensed vessels, who are appealed to participate in the statistical survey.

For verification of the identify of enumerators from MOV, owners or appointed vessel agents may contact Mr. Ho Man-Sing, Statistical Officer I (Special Duty), Statistics Section, Marine Department at 2852 3661.
